DECISIONS ON PRIORITY

Board of Patent Appeals and Interferences favorable Dated, 11/12/91

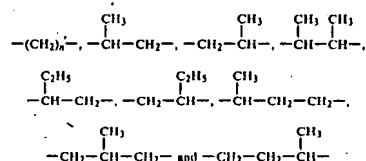

Court, _____ Dated, _____

REMARKS

This should be placed in each application or patent involved in interference in addition to the interference letters.

wherein

Q is a divalent moiety selected from the group consisting of those of the formulae:

wherein

n is an integer from 2 to 4, inclusive; R₁ and R₂ are each individually selected from the group consisting of hydrogen, alkyl having from 1 to 4 carbon atoms and monohydroxyalkyl having from 2 to 4 carbon atoms and wherein the carbon atom alpha to the nitrogen atom may not bear an hydroxy group with the proviso that R₁ and R₂ may not both be hydrogen or alkyl; and the leuco bases and tautomers thereof; and the pharmacologically acceptable acid-addition salts thereof.

II. Murdock U.S. Patent No. 4,614,618 (maturing from application Serial No. 757,410, filed July 22, 1985) is added to this interference.

III. In accordance with the foregoing, the claims of the parties which correspond to the count are:

Zee-Cheng et al.: Claim 18

Murdock et al.
(U.S. Patent No. 4,614,618): Claims 1-7

Murdock et al.
(U.S. Patent No. 4,197,249): Claims 1-29
